

“CM” Series Mechanical

CM Series 7'x 8' 30,000 CIR, Full Range Toe Guards, and Lip Support Service Strut shown.

CM Series Standard Features Include...

- Four Sided Box Construction - Deck Assembly
- Multi-Position Steel Safety Legs
- Extended Range Float/Hold-Down Mechanism
- Yieldable Lip Plate
- Camcontrol™ Counter Balance Assembly
- Lip Drive™ Positive Lip Extension
- Lockout/Tagout Maintenance Strut
- Night Locks/Cross Traffic Support
- Working Range Toe Guards
- Grease Fittings
- DB-13 Molded Rubber Bumpers

Pit Style Levelers Mechanical

Value,
Power and
Performance
In One
Design!

Structurally Superior By Design!

Poweramp CM Series Mechanical Leveler combines desirable user features with the economics of a rolled form steel deck construction to produce a dock leveler that is safe, efficient and cost effective.

Our Cam Control™ Counter Balance Assembly permits smooth ramp extension and easy “walk-down” of the leveler through use of a precision lifting roller and metered cam assembly.

The CM Leveler comes standard with heavy-duty, extended range, float barrel hold down mechanism. An automatic release feature protects the device under extreme float conditions common when “air-ride” suspension trailers are serviced. Fingertip release of the hold-down makes activation or storing this ramp a snap.

The Lip Drive™ positive lip extension reliably extends the leveler lip and restricts its descent until walk-down is performed. A gas filled shock meters the descent of the lip and is reliable in all climate conditions.

Periodic maintenance, inspections and clean-up is made easy by adding popular options to your CM Series Leveler. Our CleanSweep Frame™ allows unobstructed access to the pit area. By adding an optional Lip Support Service Strut the lip can be serviced independently of the deck. A permanently mounted, lockout/tagout compliant maintenance strut is standard.

CM Series 6' x 8' 25,000 CIR with CleanSweep Frame™ and Full Range Toe Guards shown.

CM Series Common Options...

- Extended Lip Sizes (18" and 20")
- Weatherseal (Brush or Rubber)
- 3-Wheel Forktruck Protection
- Below Dock Endload Control
- CleanSweep Frame™
- Full Range Toe Guards
- Foam Insulated Deck
- Lip Support Service Strut
- Laminate Dock Bumpers
- Dock Alert Light Communication Package
- Integrated Vehicle Restraint
- Dock Light

The CM Series Mechanical Leveler is available in a range of sizes and capacities and can be modified for special applications.
